CSA membership management

Canadian Sociological Association
The Canadian Sociological Association (CSA) is a professional association that promotes research, publication and teaching in Sociology in Canada.

Our membership comes mainly from sociology departments in Canadian universities, but there is a notable and welcome group from other social science departments, community colleges, from a wide range of non-academic settings (government, NGO, and private sector) and from abroad. The total membership is approximately 1,000.

The Executive Committee of the CSA-SCS recognizes that our members originate from across Canada and internationally, working within academic institutions as well as government agencies, NGOs, and the corporate sector. Therefore, we offer several category options to accommodate the needs of our broad membership.

Full-time academic (regular): $150
- University or college faculty earning $50,000 CDN or more

Full-time non-academic (regular): $100
- Government or private sector employees and others in non-academic positions earning $50,000 CDN or more

Retired (academic or non-academic): $90

Medium-low income: $80
- Academic or non-academic employees earning between $30,000 and $50,000 CDN

Low income: $50
- Academic or non-academic employees earning less than $30,000 CDN
